HILTON ELIMINATES English Ball for Davis Preliminary

BOSTON, May 29.-1t was announced at Longwood to-day that in the Davis cup preliminary matches between the American and Australian tennis teams an English ball will be used instead of a ball of American manufacture, as has been the case in the past. The Australians' request for an English ball was acceded to in the belief that it might be better for the Yankee players to familiarize themselves with the ball that they will have to use should they be successful against the men from the antipodes.

Travis to Face Schley in Second Round of Invitation

In addition to winning the medal in the qualifying round of the annual invitation tournament over the links of the Tuxedo Golf Club yesterday Jerome D. Travers of Upper Montciair, who recently won the Metropolitan championship, set a record for the course, with a 74 in the first round of match play.

Travers might have achieved this last mentioned distinction earlier in the day when he turned in a 75, the score which won the medal. However, his second shot on the last hole went over the green in the long grass, and on playing out the champion came back far over the cup. He was down in 2 putts for a 5.

Louis Livingston of Westbrook ob-structed the path of the champion in the first match round in the afternoon, and was brushed aside to the tune of 6 up. and 5 to play. Despite a 6 at the first hole he went out in 36, two strokes better than the morning. On the inward journey he was two over fours and went along steadily enough for a 38. Like his early round, he needed 5 at the last hole.

Two strokes behind Travers in the testing circuit came Edward P. Rogers of Baltusrol, with 77, while Walter J. Travis of Garden City, Gliman P. Tiffany of Powelton, Hudson River champion, and

feature on the track here to-day was the Connaught Cup, with \$2,000 added, in which the Davies entry, Plate Glass and First Sight, ran one, two. First Sight was disqualified for swerving into Bwana Tumbo. Tumbo was placed second. and Amberite third. Rider Moody was set down for two days. The disqualification of First Sight was under section 5, rule 105 of the Canadian Racing Association. Under the old rule it would have been necessary to disqualify also his stable companion, Plate Glass, but the new rule makes it optional with the stewards instead of obligatory. The foul made no difference in the outcome, as Plate Glass was not penalized. The foul was accidental.

Kanzler, Reller, Cozzens and Phillippl, come through with a good showing in lesser points.

The California athletes, who have been here two days, look in shape to make a fine record for themselves at the meeting. Shattuck threw the hammer 170 feet today, barely stepping outside his circle. Heeson showed good form in the hurdles, and his trainer, Walter Christie, says there is no doubt that the rangy Californian will be able to clear the bar at 6 feet 2 inches in the high jump in Saturday's finals. urday's finals.
